

Business process automation tools and instant-issue solutions that are transforming the insurance industry.

We're Insurance Software Automation (ISA). We offer a range of solutions that empower agents and insurance companies to thrive in a competitive market. From intuitive eApp development to health-based pre-qualification, product quoting, and integrated underwriting, our **full-stack InsurTech platform** helps streamline processes, boost productivity, and create a seamless and efficient workflow.

What We Do

InsurTech solutions that are fast, intuitive, and affordable.

Concept-to-market timelines of **less than 120 days**

User-friendly solutions and a dedicated support team

Pre-qualification tech & and customized eApp **included in every insurance product build**

Who We Support

Innovative tools for agents and insurance companies.

Agents

- Best Plan Pro®: An industry-leading, patent-pending underwriting recommendation engine that helps agents find the best products for their clients
- Best Plan Pro® for Teams & Enterprise: Get agency access to Best Plan Pro for a single fee
- Ninja Quoter: Super fast custom quoting for term, final expense, and Medicare supplement products with custom landing pages to capture insurance leads

Insurers

- Health-Based Prequalification Tech: Custom-built for each application and compatible with any existing eApp platform
- eApp Solutions: A bespoke platform that allows you to create, modify, and deploy white label-friendly electronic applications without programmers, third-party IT expenses, or time delays
- API-Based Databases & Algorithms: Databases containing over 200,000 medication and condition combinations, common medication typos, automatic inference databases, and a host of algorithmic applications

"Best Plan Pro has been a game changer for me and my team."
